

AMETEK Announces Record First Quarter Results and Raises 2024 Guidance

May 2, 2024

BERWYN, Pa., May 2, 2024 /PRNewswire/ -- AMETEK, Inc. (NYSE: AME) today announced its financial results for the first quarter ended March 31, 2024.

AMETEK's first quarter 2024 sales were a record \$1.74 billion, a 9% increase over the first quarter of 2023. On a GAAP basis, first quarter earnings per diluted share were \$1.34. Adjusted earnings in the quarter were \$1.64 per diluted share, up 10% from the first quarter of 2023. Adjusted earnings adds back non-cash, after-tax, acquisition-related intangible amortization of \$0.21 per diluted share and excludes a pre-tax \$29.2 million, or \$0.10 per diluted share, charge for integration costs related to the Paragon Medical acquisition.

GAAP operating income was \$417.2 million, or 24.0% of sales. Excluding the Paragon Medical charge, adjusted operating income was a record \$446.4 million, up 10% versus last year's first quarter, with adjusted operating margins of 25.7%, up 30 basis points from the first quarter of 2023. A reconciliation of reported GAAP results to adjusted results is included in the financial tables accompanying this release and on the AMETEK website.

"I am very pleased with our results in the first quarter," said David A. Zapico, AMETEK Chairman and Chief Executive Officer. "Our businesses delivered outstanding operating performance resulting in record adjusted operating income, a robust 180 basis points of core margin expansion, and double-digit growth in adjusted earnings per share. We also generated strong cash flow in the quarter with operating cash flow of \$410 million and free cash flow conversion of 123%."

Electronic Instruments Group (EIG)

EIG sales in the first quarter were \$1.16 billion, up 4% from the same quarter in 2023. EIG's operating income in the quarter increased 14% to \$352.9 million with operating income margins a record 30.5%, an increase of 280 basis points compared to the first quarter of 2023.

"EIG delivered strong results in the first quarter," noted Mr. Zapico. "Solid sales growth and tremendous operating performance drove sizeable margin expansion in the quarter. These results underscore the strength of our EIG business and the effectiveness of our flexible operating structure."

Electromechanical Group (EMG)

EMG sales in the first quarter were a record \$579.4 million, up 21% from the first quarter of 2023. On a GAAP basis, EMG's first quarter operating income was \$90.7 million, or 15.7% of sales. Excluding the Paragon integration costs and the dilutive impact from recent acquisitions, core operating margins were 24.1% in the quarter.

"Despite the continued headwinds from normalization of inventory levels across a portion of our customer base, our EMG businesses delivered solid results in the first quarter. Our teams are doing an outstanding job managing the short-term impacts on sales and our businesses are well positioned for solid growth in the second half of 2024," commented Mr. Zapico.

2024 Outlook

"Our businesses delivered excellent results in the quarter, highlighting the effectiveness of our growth model in driving double digit earnings growth. Supported by our leading positions within attractive market segments, our proven operating model, and our strong cash flows, we are strategically positioned for sustained success," noted Mr. Zapico.

"For 2024, we continue to expect overall sales to be up low double digits on a percentage basis compared to 2023. Adjusted earnings per diluted share are now expected to be in the range of \$6.74 to \$6.86, up 6% to 8% over the comparable basis for 2023. This is an increase from our previous guidance range of \$6.70 to \$6.85," he added.

"For the second quarter of 2024, overall sales are expected to be up mid to high single digits on a percentage basis compared to the same period last year. Adjusted earnings in the quarter are anticipated to be in the range of \$1.63 to \$1.65 per share, up 4% to 5% compared to the second quarter of 2023," concluded Mr. Zapico.

Conference Call

AMETEK will webcast its first quarter 2024 investor conference call on Thursday, May 2, 2024, beginning at 8:30 AM ET. The live audio webcast will be available and later archived in the Investors section of www.ametek.com.

About AMETEK

AMETEK (NYSE: AME) is a leading global provider of industrial technology solutions serving a diverse set of attractive niche markets with annualized sales of approximately \$7.0 billion. The AMETEK Growth Model integrates the Four Growth Strategies - Operational Excellence, New Product Development, Global and Market Expansion, and Strategic Acquisitions - with a disciplined focus on cash generation and capital deployment. AMETEK's objective is double-digit percentage growth in earnings per share over the business cycle and a superior return on total capital. Founded in 1930, AMETEK has been listed on the NYSE for over 90 years and is a component of the S&P 500. For more information, visit www.ametek.com.

Forward-looking Information

Statements in this news release relating to future events, such as AMETEK's expected business and financial performance are "forward-looking statements." Forward-looking statements are subject to various factors and uncertainties that may cause actual results to differ significantly from expectations. These factors and uncertainties include risks related to AMETEK's ability to consummate and successfully integrate future acquisitions; risks with international sales and operations, including supply chain disruptions; AMETEK's ability to successfully develop new products, open new facilities or transfer product lines; the price and availability of raw materials; compliance with government regulations, including environmental regulations; changes in the competitive environment or the effects of competition in our markets; the ability to maintain adequate liquidity and financing sources; and general economic conditions affecting the industries we serve. A detailed discussion of these and other factors that may affect our future results is contained in AMETEK's filings with the U.S. Securities and Exchange Commission, including its most recent reports on Forms 10-K, 10-Q and 8-K. AMETEK disclaims any intention or obligation to update or revise any forward-looking statements.

Use of Non-GAAP Financial Information

The Company supplements its consolidated financial statements presented on a U.S. generally accepted accounting principles ("GAAP") basis with certain non-GAAP financial information to provide investors with greater insight, increased transparency and allow for a more comprehensive understanding of the information used by management in its financial and operational decision-making. Reconciliation of non-GAAP measures to their most directly comparable GAAP measures are included in the accompanying financial tables. These non-GAAP financial measures should be considered in addition to, and not as a replacement for, or superior to, the comparable GAAP measure, and may not be comparable to similarly titled measures reported by other companies.

The Company believes that these measures provide useful information to investors by reflecting additional ways of viewing AMETEK's operations that, when reconciled to the comparable GAAP measure, helps our investors to better understand the long-term profitability trends of our business, and facilitates easier comparisons of our profitability to prior and future periods and to our peers.
