**Solidstate Controls, Inc. Hourly Employees' (CWA) Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2020**  
**(Unaudited)**

**1. Description of the Plan**

**General**

The following description of the Solidstate Controls, Inc. Hourly Employees' (CWA) Retirement Plan (the "Plan") provides only summarized information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, copies of which may be obtained from AMETEK, Inc. ("AMETEK", the "Company" or the "Plan Sponsor").

The Plan is a tax-deferred 401(k) defined contribution savings plan which provides eligible employees (whose employment is governed by the terms of a collective bargaining agreement with the Communications Workers of America (CWA) of Solidstate Controls, Inc., an opportunity to invest a portion of their compensation, as defined by the Plan, in one or a combination of investment options.

**Trustee and Recordkeeper**

Voya Institutional Trust Company ("Trustee") is the Plan Trustee and a party-in-interest to the Plan. Voya Institutional Plan Services, LLC is the administrative recordkeeper and a party-in-interest to the Plan.

**Participant Eligibility**

A Solidstate Controls, Inc. CWA employee, who is not specifically an ineligible employee as defined by the Plan, shall become a participant in the Plan as of the first day of a fiscal quarter beginning after the completion of one year of service.

**Contributions**

Each year, participants have an opportunity to invest up to 16% (maximum 6% pre-tax and maximum 10% after-tax) of their annual compensation, as defined by the Plan, in multiples of one percent, except for certain highly compensated participants who may be subject to certain regulatory limitations. Participants age 50 and over have an opportunity to invest catch-up contributions up to Internal Revenue Service ("IRS") annual limits. Participants may also contribute amounts representing rollovers from other qualified plans. Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. The Vanguard Target Retirement Date Trusts II funds are the qualified default investment alternatives until the participant changes their elections.

The Plan provides for AMETEK contributions equal to 50% of compensation contributed by each participant, up to a maximum percentage ranging from 1% to 6% of the participants' compensation as determined by the terms of the collective bargaining agreement. Matching Company contributions are credited to participants' accounts typically on an annual lump sum basis and are allocated in the same manner as that of their elections. However, the Company may make its matching contribution payment to the Plan at any time prior to the due date prescribed by law for filing the Company's federal income tax return for that Plan year.

The Plan has a retirement feature for eligible participants, whereby the Company contributes to the Plan on behalf of such participants at the following rates:

- \$0.90 per hour worked from March 2, 2015 through March 1, 2016;
- \$0.925 per hour worked from March 2, 2016 through March 1, 2017;
- \$0.95 per hour worked from March 2, 2017 through March 1, 2018; and
- \$0.90 per hour worked from March 2, 2018 and thereafter.

Participant contributions under the retirement feature of the Plan are not permitted. Investment programs and transfer and exchange privileges available under the retirement feature are the same as for the savings feature under the Plan.

**Solidstate Controls, Inc. Hourly Employees' (CWA) Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2020**  
**(Unaudited)**

**1. Description of the Plan (continued)**

Forfeited Company contributions, which are insignificant in amount, are used to reduce future employer retirement feature contributions or to pay Plan administrative expenses.

**Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions (b) Plan net earnings, and (c) administrative expenses. Allocations are based on participant earnings or losses of respective elected investment options and/or account balances, as defined. The benefit to which a participant is entitled is the balance in the participant's vested account.

**Vesting**

Participants are fully vested at all times in participant contributions. Company matching contributions and related earnings and Company retirement feature contributions and related earnings are fully vested after three years of service.

**Participant Loans**

Participants may borrow a minimum of \$1,000 or up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have up to two loans outstanding at any time, although only one loan may be for a primary residence, the sum of which may not exceed the maximum allowable under the Plan. Loan origination fees are paid by participants and are included in the gross loan distribution amount. Repayment terms of the loans are generally limited to no longer than 60 months from inception or for a reasonable period of time in excess of 60 months up to 10 years for the purchase of a principal residence, as fixed by the Plan. The loans are secured by the balance in the participant's account and bear interest at rates determined by the prime rate plus 1% as interest rate of 1% over the prime rate. Interest rates on loans outstanding at December 31, 2020 and 2019 ranged between 4.25% and 6.50%. Principal and interest are paid ratably through payroll deductions or in certain circumstances can be paid directly by participants.

Pursuant to the Coronavirus Aid, Relief, and Economic Security ("CARES") Act enacted in March 2020, as amended in the Plan, Plan participants could elect to defer loan repayments that occurred between March 27, 2020 and December 31, 2020. The ability to request to defer loan repayments under the CARES Act ceased as of December 31, 2020. Plan participants could choose to take a coronavirus-related loan from the Plan up to the lesser of \$100,000 or 100% of the vested account balance. This ability to take advantage of the increased loan availability under the CARES Act was available from March 27, 2020 through September 23, 2020.

**Master Trust**

The AMETEK Stock Fund of certain employee savings plans of AMETEK are combined under the AMETEK, Inc. Master Trust ("Master Trust") agreement with the Trustee. Participating plans purchase units of participation in the AMETEK Stock Fund based on their contributions to such fund along with income that the fund may earn, less distributions made to the plans' participants. The AMETEK Stock Fund consists primarily of AMETEK common stock and a small portion may also be invested in short-term securities or cash to help accommodate daily transactions. The AMETEK Stock Fund, short-term securities, and cash are considered level 1 investments within the fair value hierarchy.

The Plan limits the amount a participant can invest in the AMETEK Stock Fund to encourage diversification of participants' accounts. Each payroll period, for other investment fund transfers and for other qualified plan rollover contributions, a participant can direct up to a maximum of 25% of their contributions in the AMETEK Stock Fund. The Plan has implemented a dividend pass through election for its participants.

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the Company prior to the time that such rights may be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee votes any unallocated shares in the same proportion as those shares that were allocated, unless the Savings and Investment Committee directs the Trustee otherwise. Participants have the same voting rights in the event of a tender or exchange offer.

**Solidstate Controls, Inc. Hourly Employees' (CWA) Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2020**  
**(Unaudited)**

**1. Description of the Plan (continued)**

As of December 31, the net assets of the Master Trust and the Plan's interest in the Master Trust were as follows:

	2020		2019	
	Master Trust Balances	Plan's Interest in Master Trust Balances	Master Trust Balances	Plan's Interest in Master Trust Balances
AMETEK Stock Fund	\$ 126,570,685	\$ 1,353,984	\$ 118,749,086	\$ 1,409,880
State Street Government Short Term Investment Fund	1,334,627	14,277	388,288	4,610
Cash and interest receivable	19	—	1,000,389	11,877
Total net assets	<u>\$ 127,905,331</u>	<u>\$ 1,368,261</u>	<u>\$ 120,137,763</u>	<u>\$ 1,426,367</u>

Changes in the net assets held by the Master Trust was as follows:

	Year Ended December 31,	
	2020	2019
Net appreciation in fair value of investment	\$ 21,482,894	\$ 39,354,773
Interest and dividend income	791,939	682,263
Transfers in	11,709,462	8,774,730
Transfers out	(26,216,727)	(14,906,541)
Net increase in net assets	<u>7,767,568</u>	<u>33,905,225</u>
Net assets at beginning of year	<u>120,137,763</u>	<u>86,232,538</u>
Net assets at end of year	<u>\$ 127,905,331</u>	<u>\$ 120,137,763</u>

**Payment of Benefits**

On termination of service, death, disability or retirement, a participant may receive a qualified joint and survivor annuity, a direct rollover or a lump-sum amount equal to his or her vested account. When a participant attains age 59½ while still an employee, he or she can elect to withdraw a specified portion of his or her vested account balance without incurring an income tax penalty. Also, in certain cases of financial hardship, a participant may elect to withdraw up to a specified portion of his or her vested account balance, regardless of age. All plan withdrawals and distributions require spousal consent. Benefits are recorded when paid.

Pursuant to the CARES Act, as amended in the Plan, Plan participants were permitted to take coronavirus-related distributions in an amount up to lesser of \$100,000 or 100% of the participant's vested balance from the Plan, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request special coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Pursuant to the Setting Every Community Up for Retirement Enhancement (SECURE) Act, enacted in January 2020, as amended in the Plan, the required minimum distribution age was increased to 72 years of age. In addition, the Plan modified certain minimum distribution provisions and timing for designated beneficiaries in accordance with the SECURE Act provisions.

**Administrative Expenses**

Except for certain loan fees, the expenses of administering the Plan are payable from the Plan's assets, unless the Company elects to pay such expenses. The Company has elected to have certain expenses of administering the Plan paid from the Plan assets.

**Solidstate Controls, Inc. Hourly Employees' (CWA) Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2020**  
**(Unaudited)**

**1. Description of the Plan (continued)**

**Plan Termination**

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time subject to the provisions of ERISA and applicable labor agreements. In the event of Plan termination, each participant's account would become fully vested and each participant will receive the value of his or her separate vested account.

**2. Summary of Significant Accounting Policies**

**Basis of Presentation**

The accompanying financial statements are unaudited because the number of participants in the Plan is fewer than the number of participants which would require audited financial statements under ERISA. The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes, and supplemental schedule. Actual results could differ from those estimates and assumptions.

**Notes Receivable from Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are paid from participants' accounts. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

**Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

In March 2020, the World Health Organization classified the COVID-19 outbreak as a pandemic. As a result, global financial markets have experienced, and may continue to experience, significant volatility resulting from the spread of COVID-19. The impact of the COVID-19 pandemic on the fair value of investment securities continues to evolve rapidly and its future effects on the Plan's assets available for benefits remains uncertain.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is stated at contract value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Investments in shares of registered investment companies and short term investment funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end. Investments in common/collective trusts have readily determinable fair values and are valued based on the net asset value of participation units held by the Plan at year end.

**Solidstate Controls, Inc. Hourly Employees' (CWA) Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2019**  
**(Unaudited)**

## **2. Summary of Significant Accounting Policies (continued)**

There are no redemption restrictions on these investments and purchases and sales may occur on a daily basis. The AMETEK common stock is valued at the closing price reported in an active market.

Purchases and sales of investments are reflected on trade dates. Realized gains and losses on sales of investments are based on the average cost of such investments. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned. Plan investments do not have significant costs to sell. Net appreciation includes the Plan's realized and unrealized gains and losses as well as investments held at year-end.

## **3. Fully Benefit-Responsive Investment Contract**

The Plan invests in a fully benefit-responsive synthetic guaranteed investment contract through a separate account, the Voya Stabilizer Fund (Separate Account for Ametek No. 920) ("Voya Separate Account"), established by Voya Retirement Insurance and Annuity Company ("VRIAC"). The Voya Stabilizer Fund is a participating separate account contract that combines an underlying fixed income investment strategy with a group annuity insurance contract ("wrap contract"). The wrap contract provides a guarantee of principal and accumulated interest and obligates VRIAC to maintain the "contract value" of the underlying investment. The contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustments for withdrawals (as specified in the wrap agreement). Under the terms of the wrap contract, the realized and unrealized gains and losses of the underlying investments are, in effect, amortized over the duration of the underlying investments through adjustments to the future contract interest crediting rate. The wrap contract provides that the adjustments to the interest crediting rate will not result in a future interest crediting rate that is less than zero. In general, if the contract value exceeds the fair value of the underlying investments (including accrued interest), VRIAC becomes obligated to pay that difference to the Voya Separate Account in the event that redemptions result in a total contract liquidation. In the event that there are partial redemptions that would otherwise cause the contract's crediting rate to fall below zero, VRIAC is obligated to contribute to the Voya Separate Account an amount necessary to maintain the contract's crediting rate of at least zero percent.

The interest crediting rate is typically reset on a quarterly basis. Over time, the crediting rate formula amortizes the Voya Separate Account's realized and unrealized fair value gains and losses over the duration of the underlying investments. Because changes in market interest rates affect the yield to maturity and the fair value of the underlying investments, they can have a material impact on the contract's interest crediting rate. In addition, Participant withdrawals and transfers from the Voya Separate Account are paid at contract value but funded through the liquidation of the underlying investments at fair value, which also impacts the interest crediting rate.

In certain circumstances, the amount withdrawn from the contract would be payable at fair value rather than at contract value. These events include termination of the Plan, a material adverse change to the provisions of the Plan, the employer elects to withdraw from a contract in order to switch to a different investment provider, or the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet VRIAC's underwriting criteria for issuance of a clone wrap contract. The Company believes that the events described above that could result in the payment of benefits at fair value rather than contract value are not probable of occurring in the foreseeable future.

Examples of events that would permit VRIAC to terminate the wrap contract upon short notice include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events was to occur, VRIAC could terminate the wrap contract at the fair value of the underlying investments.

## **4. Fair Value Measurements**

The Plan utilizes a valuation hierarchy for disclosure of the inputs to the valuations used to measure fair value. This hierarchy prioritizes the inputs into three broad levels as follows. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. Level 3 inputs are unobservable inputs based on the Plan's own assumptions used to measure assets and liabilities at fair value. A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

**Solidstate Controls, Inc. Hourly Employees' (CWA) Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2020**  
**(Unaudited)**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2020			
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 2,149,284	\$ 2,149,284	\$ —	\$ —
Common/Collective Trusts	1,137,075	1,137,075	—	—
<b>Investments, at Fair Value</b>	<b>\$ 3,286,359</b>	<b>\$ 3,286,359</b>	<b>\$ —</b>	<b>\$ —</b>

  

	December 31, 2019			
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 2,297,901	\$ 2,297,901	\$ —	\$ —
Common/Collective Trusts	1,236,183	1,236,183	—	—
<b>Investments, at Fair Value</b>	<b>\$ 3,534,084</b>	<b>\$ 3,534,084</b>	<b>\$ —</b>	<b>\$ —</b>

## 5. Income Tax Status

The Plan has received a determination letter from the IRS dated January 11, 2016, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 6. Differences Between Financial Statements and Form 5500

The following is a reconciliation of assets available for benefits per the financial statements to the Plan's Form 5500:

	December 31,	
	2020	2019
Assets available for benefits per the financial statements	\$ 5,969,828	\$ 6,245,649
Deemed distributions outstanding related to the prior year	(23,499)	(23,499)
<b>Assets available for benefits per Form 5500</b>	<b>\$ 5,946,329</b>	<b>\$ 6,222,150</b>

The following is a reconciliation of additions per the financial statements to total income per the Plan's Form 5500 for the year ended December 31, 2020:

Additions per the financial statements	\$ 891,571
Add: Deemed distributions at December 31, 2020	95
<b>Total additions per Form 5500</b>	<b>\$ 891,666</b>

**Solidstate Controls, Inc. Hourly Employees' (CWA) Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2020**  
**(Unaudited)**

The following is a reconciliation of deductions per the financial statements to total expenses per the Plan's Form 5500 for the year ended December 31, 2020:

Deductions per the financial statements	\$ (1,167,392)
Add: Deemed distributions at December 31, 2020	(95)
Total expenses per Form 5500	<u>\$ (1,167,487)</u>

**7. Recent Accounting Pronouncement**

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 modifies certain disclosure requirements on fair value measurements in Topic 820. The Plan adopted ASU 2018-13 prospectively effective January 1, 2020 and the adoption did not have an impact on the Plan's financial statements.

**8. Subsequent Events**

The Plan has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through the date of issuance and has determined that no significant events occurred after December 31, 2020, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.
