The underwriters expect to deliver the securities to purchasers on or about November 20, 2026, which will be the fourth business day following the date of pricing of the securities (such settlement cycle being herein referred to as "T+4"). Under Rule 15c6-1 of the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in one business day, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the securities prior to the business day before the delivery of the securities will be required, by virtue of the fact that the securities initially will settle in T+4, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the securities who wish to trade the securities prior to the business day before the delivery of the securities should consult their own advisor.

No key information document ("KID") under Regulation (EU) No. 1286/2014 (as amended, the "PRIIPs Regulation") or disclosure document required by the FCA Product Disclosure Sourcebook ("DISC") has been prepared as the Notes are not available to retail investors in the European Economic Area (the "EEA") or the United Kingdom ("UK").
